THE WEATHER.—Sun'ay was of the February fill-creek kind during the day—gloomy as the cloud-swept skies of Ossian. At night a meteorological phenomenon of no ordinary kind meteorological phenomenon of no ordinary kind alarm, which is thus described in the Democrat

The wind gross and roused.

FIRE ALARM.—St. Louis is pixcing its fire of the any of the February as a liar and cos and.

An altereation which ended in fisticule, took place yearway in the barber's shop at Williams, of the cavalry, and Williams, of the diagnosis. The wind gross and roused.

So can be a liar and cos and.

An altereation which ended in fisticule, took place yearway in the barber's shop at Williams, of the diagnosis. All may result in a duel, as a liar and cos and.

An altereation which ended in fisticule, took place yearway in the barber's shop at Williams, of the diagnosis. All may result in a duel, as a liar and cos and.

An altereation which ended in fisticule, took place yearway in the barber's shop at Williams, of the diagnosis. The wind grows and control of the cavalry, and Williams, of the diagnosis. The wind grows and control of the cavalry and williams, of the diagnosis. The wind grows and control of the cavalry and williams, of the diagnosis. The wind grows and control of the cavalry and williams and the properties of the cavalry and williams.

So can be a liar and cos and control of the diagnosis. The cavalry and williams are liar and cos and control of the cavalry and williams.

Constant and cost was presented. The wind arose and roared angrily, veering round to the north. The warm was presented. The wind arose and roared angrily, weering round to the north. The warm temperature that had prevailed was at once charged to alpine cold. The rain charged to appear cold. The sanden variation of heat naturally caused electric discharges, and virid lightning threw large electric discharges, and

Bayer't Teles of Sweden Denmara and Lapland.

Burpalo, February 22.—Mr. Foote, the editor of the had been there instead of him; they might have shistled long for help before we would have sent to help them from their own pit of destruction. It is a profound fact that Memphis has just reached the age of gravel! Sleep on, venerable Rip Van Winkle! No rattling of vehicles over solid pavements shall disturb thy slumbers. Thou shall snooze in undistructed transcribes we shall disturb to the state of the s turbed tranquility, with cozy mud and a pure 233 Main Street, 233 gravel" for the bed of thy Sleepy Hollow.

alarm was put into operation yesterday in St. committee to solicit subscriptions from promiment citizens and the fire insurance companies, with which to purchase a steam fire engine. The Hope Hose Company have also appointed a committee for a similiar purpose. The Ledger says: "The movement inaugurated by the Philadelphia Hose Company, by the introauction of steam as a means of extinguishing fires, appears to have met with favor among the They must be sold at any Price. firemen, and a number of companies are at present considering the subject of following the example set by the above company." The Scientific American, of Saturday last, 18

"A steam fire engine recently built by ., for a bose company in that city, is stated to have given great satisfaction, and is designed for city use. In Cincinnati, steam fire engines and no others, we understand, guard be city from configrations. In New York, igh prizes have been awarded for such nes by the city authorities, no such efective fire wardens have yet been added to the

At Chicago, a new steam fire engine, built at seneca Falls, N. Y., has been received and tried. The weight of the machine is about five tons, the cost was \$5,000. It threw streams as follows: With 40 pounds of steam, four streams through one hundred feet of hose, with one and one-righth lach nozzle, one hundred and fifty feet horimontally. With 60 pounds, through the same length of hose, with one and a balf inch nozzles, two streams, one hundred sent? and sixty feet horizontally. The greatest throw yet made by a steam fire engine, was by the Citizens' Gift, of Cincinnati, Larra's build; the distance was two hundred and eighty-seven

having to travel in a buggy only, to visit all the voters, I wish to say that, after consulting of the county, I declared myself a candidate Just Received Direct from St. Louis, for Trustee in July last, not knowing whether I should have no opponent.
